Editorial

What an absolutely huge weekend in sport and entertainment - in the AFL, Carlton vs Collingwood (a sign of things to come?), Melbourne's first of hopefully many Grands Prix, the beginning of Moomba festivities including the hi-tech water show, and many parties raging throughout the Central Business District and surrounding areas especially Albert Park.

The Knights would like to express its sincerest gratitude to Mr. J. Kennett and the City of Melbourne for organising so many wonderful lead-in, curtain raiser events for the most important event of the weekend - Melbourne Knights vs South Melbourne.

The true acid test of Australian soccer is to be officially endorsed, recognised and included in all of the hype and grandeur in the week of Melbourne's Grand Prix. A taste of AFL for the many overseas visitors here for the Grand Prix is great for promoting the Australian way. The Grand Prix itself has a huge following world-wide, but it is soccer that is the World Game and more needs to be done in promoting this within Melbourne's vast sporting scene.

Despite the enormous attention all Melbourne Knights-South Melbourne derbies attract, and no doubt (in soccer terms) a decent crowd will turn out, to be part of the mainstream entertainment for the weekend, both Melbourne clubs and Soccer Australia have some work to do. It is a challenge that will be met in the future and the Melbourne Knights are keen to be part of the planning and implementation process of participating in such events to gain a vital foothold into Melbourne's and Australia's mainstream sports and entertainment industry with world-wide exposure. It is an opportunity that Soccer Australia and all Victorian clubs can not afford to miss.

97965715

Not too much needs to be said when the two fiercest rivals in Victoria take the same field. We are talking of course about the Melbourne Knights and South Melbourne. It has been a busy week down at South Melbourne with the first ever Grand Prix being held almost through their ground. I hear Frank was putting the boys through training sessions using Michael Schumacher as the pace setter. The Knights have too been busy and were scheduled to play a midweek catch-up game against the Morwell Falcons. Tonight's

game is the Melbourne Knights third from eight for the month of March. A very

TONIGHT'S GAME

busy month for the club and one that is sure to show the true contenders for the championship this season.

MELBOURNE KNIGHTS

South Melbourne have been written off by many people for the final six this season, but mathematically the top six is far from being a settled issue and South Melbourne will be desperate to go on an unbeaten run to give them any chance. The first hurdle they now face is the Melbourne Knights, who are trying to move as far up the ladder as possible before the completion of the thirty-three rounds. The top two positions

are still in sight for the Knights and they are playing at home, looking for maximum points.

This year the two clubs have met four times already. The games are locked at two a piece, so today both teams have the opportunity to take a 3-2 lead. The teams have met twice in the league and twice in the Johnnie Walker Cup. The Knights have won both games as have South. The Knights will be hoping that the home ground advantage continues in the fifth encounter of the season. Who knows, the two clubs may meet for the sixth time, if both are in the finals.

All the ingredients are there for tonight to be a game with both teams showing desperation at its highest level. It should be a very entertaining ninety minutes of soccer at the highest level.
